## BRAMWEY COMPANIES

## Integrating Innovative Solutions

## IAOM Central District Meeting

 July 28, 2017 - Branson, MO
## THE BEGINNING

- Founded in 1964 in Des Moines, Iowa by Ken and Ann Bratney.
- Began business in seed, grain, and food related industries with commitment and respect for the relationship with the customer.
- Focus on equipment sales and design. Quickly grew to include
 engineering and construction services by the mid 1970's, and today includes milling and manufacturing services.
- Ken Bratney: "Your word is your bond."
- We live by this motto even today

## MAIN OFFICES IN

Des Moines, Iowa
Sacramento, CA

Boise, Idaho Kansas City, MO

Colon, Argentina
-Staff of 145 people
-Cover the-majority of the agricultural markets (seed, edible foods, grain, milling, animal feed, specialty)

## DIVERSE APPLICATIONS EXTENSIVE EXPERIENCE

- Wheat seed conditioning plants
- Export wheat cleaning facilities
- Malting Plants for Breweries
- Edible bean conditioning
- Feed Mills
- Hybrid Seed Corn plants
- Native and lawn grass seed plants
- Oat mills
- Grain \& process drying facilities
- Edible corn conditioning
- Green coffee bean conditioning
- Popcorn conditioning facility
- Rice Milling Systems
- Soybeans - seed, edible \& organic
- Breweries - malt storage systems
- Bird Food Plants
- Flour mills
- Hop pelleting plants
- Spice cleaning and blending
- Packaging all types of free flowing materials
- Split pea processing
- Sunflower processing plants
- Almond sizing
- Salt and specialty minerals

## OUR CUSTOMERS

TAgReliant
Fritolay

## MillerCoors ${ }^{-}$

ConAgra (G)Foods

## Cargill

## omas

## ITALIAN EXCELLENCE

- Founded in 1966. Over 50 years of milling experience.
- More than 60 milling plants worldwide.
- Manufacturing and innovation is their passion.
- Invest 10\% in R\&D projects annually.
- Most advanced milling technologies in the market.

## LEONARDO The Revolutionary Roller Mill

Omas

## Highlights

- Technology
- Savings
- Safety
- Maintenance
- Sanitation

## Torque Motor

- Used since the 70's in applications such as machine tooling, robotics, and printing.
- Eliminates drive belts, pulleys, and cogs
- More efficient than traditional drive motors.

## Direct Drive System

- Patented Omas Design.
- Adjust roll differential during operation.
- Adjust the speed of the rolls during operation.

## Mill Design

## Omas KERS System (OKS)

- Power is regenerated by the fast roll dragging the slow roll.
- OKS software constantly measures power consumption.
- The regenerated energy is released to the driving motor.
- Reduces power requirements by minimúm of $40 \%$.

## Omas Pressure System - OPS

- Dynamic pressure measurement system.
- Quantitative measurement displayed on PLC.
- System uses information to adjust rollers and power needs.

## Inlet Hopper

- Made of anti-static polyethylene.
- $360^{\circ}$ transparency.
- 8 internal infrared probes.

RESEARCH \&
DEVELOPMENT
MADE IN ITALY

## Structural Material

- Stainless Steel AISI 304.
- Anodised Aluminum Profiles.
- Electro-welded, varnished carbon steel, with braided frame.

## SAFETY

- No drive belts, pulleys, or cogs.
- Reduced stress caused by belt tension.
- Quieter operation.

ITALIAN EXCELLENCE

## Maintenance

- Less maintenance required.
- No belts or pulleys to wear out.
- More sanitary.
- Easily clean under roller mill unit.

## LEONARDO

## In Summary

- Fine tune the grinding action for maximum yield and ideal product consistency.
- Significantly less energy consumption, saves money.
- Programmable recipes for different products.
- Use grinding pressure as a quantitative tool.
- Less maintenance required/safer operation.
- Highest level of sanitation.

## GIOTTO

Super Intensive Wheat Sterilizer

## GIOTTO

- Equipped with 150 adjustable paddles.
- Removes superficial bacteria, mold and mycotoxins.
- Reduces tempering time by 20-25\%.
- Ash reduction of 3-10\%.

## Bratney Companies

- Installs, engineering, construction, and service.
- Cimbria - color sorters and cleaners.
- Schule - specialty oat, rice, and grain processing equipment.
- Concetti - product packaging solutions.
- BoMill - protein and vomitoxin analysis.
